

Bob Wilson

All Saints', Redding

A life long Episcopalian, I attended St. Paul's Church on the Hill in St. Paul, MN where I was baptized and confirmed prior to moving to California. I have been a member of All Saints', Redding since 1974 when we moved to the area from Los Angeles. I'm presently a licensed chalice bearer, lay reader, and lay Eucharistic visitor and have served multiple terms on vestry in various capacities, including Senior Warden. Additionally, it's been my privilege to have chaired and served on many every member canvas teams and stewardship committees.

Professionally, I am a retired VP of Operations of Champion Spark Plug's Aviation Products Division and have owned and managed several manufacturing operation in both Southern and Northern California.

My wife Kathy is a native of Redding and we enjoy our close proximity to family and the many recreational opportunities available in the area.
